PHILTER 95 12"

an image, a rumor, a smell, a song from an earlier time. some things, which we experience in the day-to-day, could be linked to stories from our past. the memory slides by or lets us daydream on. but we still know: this is passé.

on his first 12" philter 95, **BOYS'R'US** places the world of memories in a today that is ours, because we haven't forgotten where we started from. but the question **BOYS'R'US** actually asks: how far do we want to go?

PHILTER 95 [X]
2008? 1995? acid? house? techno? – **PHILTER 95!** just like the music-rave peaks of the past decade, filtered basslines groove towards the climax, only to be cleared by the impact of powerful techno-synthesizer loops. ecstasy through hypnosis. off with the spotlight, on with the strobe!

WHAT IS MOUSE MUSIC [Y1]

machine music – turn the knobs here – slide the fader there. diskettes out of the sampler. cable into the sampler. that's house music! but what's mouse music? a spiritual thing? a body thing? a soul thing? uncontrollable desire? my mouse is your mouse – and your mouse is mine!

VON HINTEN [Y2]

a touch, quick and fleeting. you pause, and don't turn around. close to tears and yet full of warmth. where's this sudden twinge from, that constricts your chest and permeates your heart? - it comes **VON HINTEN**. and is like the soundtrack to an unfiled short in which the bass drum is merely a supporting actor.

BOYS'R'US

is a techno girl friday known for many years as a part of the leipzig homo-elektrik kollektiv. he's configured, from the start, the **MIKRODISKO** setup and shows up on the debut EP "we call it mikrodisko" with his track "cielo azzuro" [M1, 2006]. **VON HINTEN** also appears on the compilation CD which came out last month: "now that i am" [www.nowthatiam.de] and remastered on this 12".
